

### ***Jah Jireh Home Also in Slovakia?***

A number of brothers and sisters from Slovakia who visited the Jah Jireh Home in Mariánské Lázně expressed their wish to have a similar home in their country. But was it realistic?

For several years it was not possible to give an answer to that question – there was no suitable object that could serve that purpose, nor were any funds.

However, the situation has changed. We got an offer to buy Villa Tereza in Prievidza, including adjacent land and all equipment. Villa serves as a pension for managers. It is well built and nicely furnished. There are seven separate rooms in the Villa, three suites, a dining room, conservatory, kitchen and facilities. It is located in a fenced area with greenery and a parking lot for 10 cars. It takes either a 5-minute drive or 20-minute walk to get from the Villa to the local Kingdom Hall. Three kilometers from the Villa there is a spa town Bojnice with a beautiful castle.

A meeting of the board of directors of Jah Jireh with an owner was held on April 11, 2016. We also invited some local publishers because we wanted to know their opinion. After we toured the facility all were excited with the idea that a Jah Jireh Home could become a reality in Slovakia because after some minor adjustments the Villa could serve that purpose very well.

Of course, there is a question of financing. Although the purchase price of 450,000 euros (12,150,000 CZK) is very favorable from our point of view, Jah Jireh in the Czech Republic has saved only 152,000 euros by this time. Nevertheless, the owner is willing to make a reservation for us for three months, if we manage to gather the rest.

Therefore, the answer to the question at the title of this article depends on whether we find enough money for this project. In doing so, we have in mind what Psalm 127:1 says.

Those who wish to contribute can send their donations to the account of the Jah Jireh Association No. 274588278/0300 dedicated to this project or to a newly opened euro account No. 2945021635/1100 in Slovakia.

At the same time, we invite all elderly publishers in the Czech Republic and Slovakia who would like to live in the Home to ask for an application. We also invite those who would like to be employed in the Home as caregivers and social workers or would like to help with accounting, maintenance and cleaning. We are also looking for a manager of the Home. (In view of the fact that this is not a congregation arrangement, this position can also be occupied by a capable spiritual woman.)

Jah Jireh in the Czech Republic wants to support this project as much as possible. In the future, however, we want to establish a separate legal entity based in Slovakia so that the local brothers could manage Jah Jireh.

Applications and written inquiries can be sent by e-mail to: dps@jahjireh.cz, or by regular mail to: Domov Jah jireh, Ladova 186/54, 353 01 Mariánské Lázně, Czech Republic. For phone calls you can use number (00420) 354 420 420, or other numbers listed on our website www.jahjireh.cz.
